

We are excited to launch our new B2B portal. The Portal is open and ready to use. We will be closing our current B2B site at the end of Wednesday September 24, 2025. I am enclosing some basic instructions as to how to place orders on the new portal with this email.

The portal can be accessed at

<https://store.maurey.biz/ecommerce/customerloginform.aspx>

You will use your email address for your existing account as your login. The information has been imported from your previous account. You will need to select the “forgot password” option and reset your password.

A code and link will be sent to you via email. Please check your junk mail or spam email folder if you do not see one in a few minutes. We have had reports of systems identifying the email from the biz site as spam. A verification code will be in that email.

Your Account Password

A password reset request was received for chuckl@maurey.com from .

If you initiated this request please visit the [Password Retrieval Request Page](#) to confirm the request using the verification code below.

Verification Code: 007765

Please note that the code above will expire 30 minutes from the time the request was made.

This email was sent automatically by the Forgot Password Function.

If you did not request this email, we recommend you change your account password at <http://store.maurey.biz/>.

This is an automated message, please do not reply.

Click on the “Password Retrieval Request Page” and enter the verification code and new password.

Thank you for your business.
