Re: Price Adjustment – Effective September 13, 2021

Maurey Manufacturing continues to remain committed to investing in capital and processes to increase efficiencies and to reduce costs. Recent unprecedented rises in transportation, material and labor costs make it necessary for us to increase prices. We will adjust pricing for orders placed for shipment on or after September 13, 2021 in the amounts shown below:

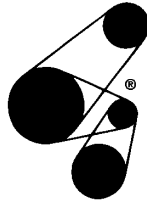

<u>Product Description</u>	<u>% of Increase</u>
Hi-Q Sheaves, Reducing Bushings & Vari-Pitch Sheaves	5.0 %
HQ Bushed Sheaves, HQ* Bushings & Weld-On Hubs	5.0 %
Ful-Grip(QD) and Split Barrel Sheaves	5.0 %
Ful-Grip(QD) and Split Barrel Bushings	5.0 %
Shaft Collars	5.0 %
Positive Drive Pulleys (XL, L, H, XH Pitch)	5.0 %
HPD Sprockets (8M, 14M)	5.0 %
Hi-Q Flexible Jaw Couplings	5.0 %
Fixed Bore & Rigid Bushed Sleeve Couplings	5.0 %
Hi-Flex Couplings – Flanges & Elements	5.0 %
Variable Speed Drives (6000 series sheaves, and Motor Base)	5.0%
Nu-T Link Belting	5.0%
Continental Belts and Sprockets (Silent Synch & Falcon)	3.5 %

\*Registered Trademarks of Maurey Manufacturing Corp

Unless noted, we will consider all quotations for items covered by this price adjustment to expire September 10, 2021. Please contact your District Manager to have these quotations updated. New Distributor Discount Multiplier Sheets will be made available and sent in the coming weeks. Please email [pamw@maurey.com](mailto:pamw@maurey.com) to request an emailed pdf version of your discount sheets. Please contact your District Manager or the Holly Springs, MS office if you need additional physical copies.

Sincerely,

Charles A. Lloyd  
 Executive Vice President

Re: Price Adjustment – Effective September 13, 2021

As per our Price Increase announcement dated July 26, we will be increasing the pricing of Continental Belting and Timing Pulley pricing as well as our products. This increase is effective on all orders for shipment on or after September 13, 2021.

Continental has informed us that after further analysis of costs of raw material and transportation unique to the SyncroChain belting line, they will be increasing the price of this product by a larger percentage than the 3.5% announced previously. The following will be the net increase for these products.

- 8.5% for the 8mm pitch SyncroChain belting
- 6.5% for the 14mm pitch SyncroChain belting

We will be adjusting our List Prices as well as the Discount multiplier applied to this product group. We will make the pricing information available to you soon.

Unless noted, we will consider all quotations for items covered by this price adjustment to expire September 10, 2021. Please contact your District Manager to have these quotations updated. New Distributor Discount Multiplier Sheets will be made available and sent in the coming weeks. Please email [pamw@maurey.com](mailto:pamw@maurey.com) to request an emailed pdf version of your discount sheets. Please contact your District Manager or the Holly Springs, MS office if you need additional physical copies.

Sincerely,

Charles A. Lloyd  
Executive Vice President
